

The Barn

Every detail went into the design and appointments so you can host the perfect wedding or event. The barn's Great Room with 32ft. ceilings, beautiful wrought iron/crystal chandelier, glass sconces, and 14ft sliding doors on each end of the great room that can be opened to the outside, make the barn the perfect combination of rustic and chic! Even the weather vane that sits atop the barn was custom designed by an artist to depict a whimsical flying pig blowing his trumpet as he rings in the celebration. Make sure to check him out when you visit!

Bridal Suite

The bridal suite has a modern elegant design and plenty of room for all of your friends and family to get ready. With three salon stations and plenty of couch and chair seating, everyone will be comfortable in this heated and cooled space with its own private bathroom. Full length mirrors and plenty of lighting it will be the perfect place to get ready for your event.

Grooms Suite

This one's for the boys! They will have plenty of room to get ready and pass the time before the big event in this large, private, air-conditioned suite complete with private bath. A huge leather couch, big screen TV, poker table with plenty of seating, deer antler chandelier and antique barber's chair with barber pole give this "man cave" an upscale lodge feel.

Covered Back Porch

Perfect for cocktail receptions, back porch entertaining southern style, or a backup ceremony rain plan, the views at sunset are simply perfect! String lights at night for setting the mood make the Covered Back Porch a popular place for ceremonies or to just enjoy the beauty of the barn and surrounding fields.

Ceremony Lawn

In front of the barn is a beautiful lawn that can also be used for ceremonies. Morning sunrise and afternoon sunsets make the perfect lighting for photos and the surrounding fields provide the perfect backdrop for ceremonies during the day.

The Oak Grove

If your dream is an outdoor wedding, we have a 100yr old oak grove that has been waiting for you. Nestled below the barn overlooking the Bass Pond, The Oak Grove is a perfect option for a ceremony Spring through Fall and our favorite spot since this is where we were married. This site has some of the prettiest views.
