

Meet our Readers

Samantha Mowrey is Valhalla's resident rune reader, teacher, and heathen.

She has been reading runes professionally for over 3 years and teaching the elder futhark for over a year. Her passion for empowering new and experienced magic workers has driven her to expand from her massage therapy practice into teaching Norse Paganism, providing Seidr Energy Healing, and leading others into their unique spiritual paths.

My name is Kelly and I am The Boho Witch!

I am an intuitive reader with many gifts. I channel different things using my clairvoyance, claircognizance, clairaudience, and clairsentience. I am intuitive and empathic. I enjoy helping others with my gifts. I also create Hippie Dippie Boho items and follow the energy wherever the universe takes me. I love working with people and helping people work on their Light / Shadow self, and life's Journey!! I have had my gifts throughout my life. I withheld from tapping into them through not knowing who I truly was and found myself searching for something more. I have worked on a lot of self-development and meditation to cultivate these skills. I humbly look forward to growing, learning, and developing within the community.
