

Ken Anibas

OWNER & OPERATOR

Ken has worked in the agriculture business for over 30 years. Before returning to work with his Dad he worked at a similar business in Chippewa Falls, Wisconsin. Ken is very knowledgeable about the industry and the products he sells. He stands behind his work and enjoys helping his customers, many of whom have also become friends. Ken manages the day-to-day, works sales, and installation.

Kevin L.

SALES & PROJECT MANAGEMENT

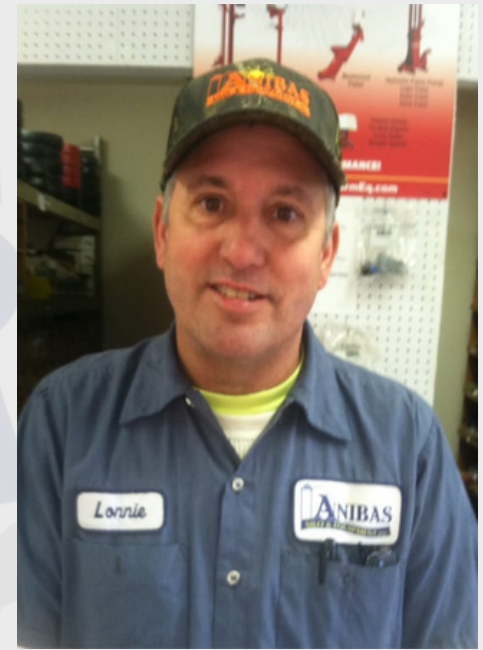

Kevin came to us in January 2015 after 13 years in the concrete industry. He was raised on a dairy farm just outside of Arkansas. After completing school he joined his father in the farmstead equipment industry, and continued working in this field for the next 12 years. When the industry started to change Kevin moved on. Now he's back and bringing his years of experience here.

Chucky VanBlaricon

SALES & SERVICE

Chuck started with Anibas Silo in 2011 and brought with him 30 years of experience. Before coming on with Anibas Silo, he worked at MidWest Farm Supply for 25 years. The company closed, leaving Chuck looking for work, and once we heard he was available through a district rep Ken reached out to Chuck, and so the relationship began. Chuck helped Anibas Silo expand into a new area, and brought new customers as well. Chucks works on sales and service daily and is very helpful to staff and customers.

Lonnie Sabelko

PARTS MANAGER

Lonnie started working at Anibas Silo mid-year in 2013 as a service tech learning the ins and outs of the business, which did not take long as he had been farming on his own since 1989. In January 2015 Lonnie stepped into the role of Parts Manager and has done very well. He now manages all parts ordered and stocked for customer needs. Lonnie is always willing to help and learn new things.
