## **YOU MAKE IT POSSIBLE**

Since 2007, Seniors on the Go! has been transporting countless patrons to and from various locations through out Waukesha county and beyond. Our service helps senior citizens maintain independence in daily life, ensures safe transportation for students with special needs, and promote workforce development by allowing employees to travel to their workplaces. Throughout our years of service, our valuable assistance is made due to our many supporters (like You) and we welcome more!

### **Mobility what does it mean?**

The ability to drive around town whenever and wherever you want to go is something we take for granted. A driver's license gives us, our independence, self-esteem, and freedom to shop, attend social events, medical appointments, and employment.

Have you given a thought what would happen when your driver's license is taken away from you for health reasons or your age? Senior citizens and differently-abled individuals in our communities face this challenge daily, leaving them feeling frustrated, isolated, trapped, even the loss of self-esteem and power. What options do they have?
