

Meet Our Team

Dr. Michael Hill

Hello! My name is Michael Hill and I am one of the chiropractors at Spines At The Line Chiropractic Center in Lambertville, MI.

I grew up down the street in Ottawa Lake and went to Whiteford High School. After that I got a bachelor's degree in Movement Science before heading off to chiropractic school.

I received my doctorate in chiropractic from Sherman College of Chiropractic in Spartanburg, South Carolina. This is where I met my wife Dr.

Pam! Since returning home to Michigan, we opened up our business and have been practicing chiropractic here since we opened up on October 1, 2018.

Outside of chiropractic I enjoy playing basketball year round and beach volleyball during the summer. I have a wide range of interests including television shows, seeing new movies at the theater, cooking, watching sports, and a handful of fandoms.

Dr. Pamela Kratochwill

I am Pamela Kratochwill and I am a Webster certified Chiropractor at Spines at The Line Chiropractic Center located in Lambertville, MI. Webster technique is specific to woman who are pregnant or trying to get pregnant.

I graduated from Sherman College of Chiropractic in 2018 and have been practicing along side my husband Dr. Michael since October of 2018. I absolutely love that I get to improve the health of individuals of all ages through a better functioning nervous system whether they are 9 days old or 90 years old.

In my spare time I am a huge foodie and love to try new cuisine sometimes cooking it myself. I also enjoy a great book especially while sitting on the beach. Traveling and seeing the world is a huge passion of mine. I cannot wait to see where my next vacation bring me

Becky Wright, Chiropractic Assistant

I have over 15 years experience in the administrative medical field.

After visiting a natural Dr. I became interested in learning about holistic health options.

In 2016 I became a natural wellness advocate educating and coaching on natural alternatives for physical and emotional health.

Recently adding various detoxing methods as a starting point for those wanting to begin a natural journey. Dr. Pam and I crossed paths in 2019 and I've been a Spines At The Line patient ever since.

I love spending time with my son and daughter and the 5 grandchildren they've blessed me with. I'm active in volunteering at my church and enjoy refurbishing furniture, decorating and making cheesecakes.

I've learned life doesn't slow when you get older, but each moment becomes a cherished memory.

I look forward to serving you along with Dr. Michael and Dr. Pam as well as learning more about how chiropractic helps us all naturally.
