**What Must I Do To Be Saved?**

- Hear the gospel - Acts 15:7
- Believe the gospel - Mark 16:15-16
- Repent of sins - Acts 17:30
- Confess Christ - Rom 10:9-10
- Be baptized to remove sins - Acts 2:38, 22:16
- Live a faithful life - Rev 2:10, Col 1:21-23

## Is the Bible Reliable?

That question isn't new, but it feels more urgent than ever. In a world where truth is constantly shifting, people want to know, *Can we actually trust the Bible?* Here's a short list of reasons to save for future use:

First, consider the Bible's **consistency**. It was written over roughly 1,500 years by more than 40 authors, kings, shepherds, prophets, fishermen, across three continents and in multiple languages. Yet it tells one unified story, God's plan to redeem mankind through Jesus Christ. That kind of harmony over that kind of time isn't normal. It points to something beyond human effort.

Second, consider its **preservation**. The Bible is the most well-attested ancient book in history. Thousands of manuscripts exist, far more than any other ancient writing. When scholars compare these manuscripts, they find an incredibly high level of agreement. What we read today accurately reflects what was originally written. You're not holding a corrupted message, you're holding something carefully preserved.

Third, consider its **historical credibility**. The Bible names real people, real places, and real events. Archaeology has repeatedly confirmed details once questioned, cities like Jericho, figures like David, and customs described in Scripture. Luke begins his Gospel by emphasizing careful investigation (Luke 1:1-4), and that's exactly what you see, a record grounded in history, not myth.

Fourth (what I believe to be the strongest evidence), consider its **prophetic accuracy**. The Old Testament contains detailed prophecies about the coming Messiah, His lineage, birthplace, manner of death, written hundreds of years before Jesus was born. Those prophecies are fulfilled in Christ with remarkable precision. There is no possible way a human could do that. That's divine authorship.

And then there's its **power**. The Bible doesn't just inform, it transforms. For centuries, it has changed lives, convicted hearts, and reshaped entire cultures. People from every background have opened its pages and found truth that cuts deep and lifts high at the same time.

So, is the Bible reliable? If by reliable you mean consistent, preserved, historically grounded, prophetically accurate, and personally transformative, the answer is yes!

But it's more than reliable. It's authoritative. Which means the real question isn't just, *"Can I trust the Bible?"* It's, *"Will I listen to it?"*

Carl Pollard

### Tabitha's Class

Sunday, May 17  
2:00 p.m.

### Shining Stars Young Girls Bible Class

Tuesday, May 19  
6:30 - 7:30 p.m.
