The cost of supplies, unless noted, is not included in the class fee. Please call if you are unable to make it to a session. Occasionally there will be preparation required before class, please check. Most classes prefer a 4 student minimum, if too few sign up, class may cancel. A full refund can be expected. Machine rentals are available, no guarantee of model. \$8 for sewing machine, \$12 for embroidery. Please request when you sign up for class.

### Ruler Quilting

Join us for a monthly quilting class, concentrating on using ruler for free motion quilting. We will be following Amanda Murphy's Wholecloth Quilting patterns. This means we will be quilting one 18" square of plain fabric each month for four months. The Rulers we will use are basic straight and circle rulers. The blocks can be used as pillows or joined into a small quilt later. This is a great way to get started, or review your skills! We have already quilted block 1, but you are welcome to join us for the next 3! With Lori

Class meets 2nd Thursdays, 1-4. \$20 each month.

**April 13** - block 2, **May 11** - block 3, off in June, & **July 13** - block 4

### Count your Blessings

This Kimberbell embroidery design quilt is adorable! Applique, simple piecing, and fresh delicious fabrics pair to make a quilt you will want to keep out all year long!

Make a couple blocks a month, so we aren't overwhelmed, and before long, it will be done! Some homework involved.

Kits available, or choose your own fabrics.

If you can't get to the 1st class, join us the second, and you will easily get caught up.

Class meets first Thursdays, 9-12. \$20 each month, with Lori

**April 6** - Blocks 1 & 2

**May 4** - Blocks 3 & 4

**June 1** - Blocks 5 & 6

**July 6** - Blocks 7 & 8

**Aug 3** - Heart and Home pieced blocks

### Software Projects

Calling all Bernina Embroidery Software Owners! Come in and use your creator or designer software with us! We will explore a feature or two of your software each month. The lessons are written for V9, but V8 and V7 will be able to do most lessons. 2nd Tuesdays, 1-4. \$25. with Lori

### Q Series Support

If you own, or are thinking of owning a Bernina Q Series quilting machine, please join us for an informal gathering. We encourage show and tell, questions, tips and tricks. You are not alone with your machine! We are here to support you, and make sure your quilting journey is a success.

4th Tuesdays, 10am

### Sew Sense

Sometimes you would like to have a group of other sewing and quilting ladies to spend some time with, sharing progress on your projects, asking questions, sharing tips and tricks that you have learned... Well, this is that time. We have set aside a morning a month to sit together, share, learn what is new, view what is on sale, (with a little demo)

We are spending some fun relaxed time together, and hope you will be with us! Bring your show and tell!

Second Tuesdays, 10am.

**April 13, May 11**, (off in June), **July 13**

### Feedback requested:

I have heard from a few people that there are some unfinished Latte Quilts tucked away. We are willing to help you finish these masterpieces!

Also, there has been interest expressed in the Stitches Garden Quilt. This quilt is a technique rich project that has great potential in helping you learn and do great things with your machine and many feet and accessories. We have given this class a couple of times before, but will do it again if there is enough interest.

Please email [bernina-girl@earthlink.net](mailto:bernina-girl@earthlink.net) Or call the store at 574-862-4406 if you are interested. We will do our best to set up classes at times that work for you.
