

Maintenance Pkg

Vehicle is thoroughly washed & vacuumed.

A ceramic spray wax is then applied to the vehicle's exterior paint surface.

(RECOMENDED ONCE EVERY MONTH)

Cars \$100

Trucks/SUV's \$120

Exterior Detail (Polish & Seal)

Vehicle is thoroughly washed, vacuumed and prepped for exterior paint protection.

A claybar process is then performed on the exterior paint surface to remove any dirt or contaminants from the paint's clearcoat. A durable paste wax is then applied to the paint followed by a polymer paint sealant for added protection against UV Rays, Infared Radiation, Salt Water and many other enviromental pollutants.

(recomended every 6 months)

Cars \$175

Trucks/SUV's \$225
