## ABOUT US

As a second-generation proprietor of Anthonys, we strive to continue the legacy our father proudly created in 1995. Our father had a vision & with family & friendship turned his vision into a reality to provide a better life for his own family. Two sets of brothers from New Jersey saw an opportunity and ran with it. Our story will always be that not only do we want to provide excellent food, but we want to represent a family, a brotherhood, and a “Warrior Strong” community. Without that, there would be nothing. We wouldn’t be here without our amazing staff, backed by a wonderful community, and family recipes. What separates us from our competitors is our passion, blood, sweat, & tears. In 2019 we suffered a tremendous heartache structure fire which shut us down. With the strength of our dedicated community, we came back better and stronger than before. Our staff was part of our family, has always stayed by our side, & continued to help along the way.

We have been in business for 30 years feeding our tightknit community. Without you Anthonys Pizza wouldn’t be here.

We just want to say thank you from the bottom of our hearts. We hope to always be there for all your memories- from a first date, to being under the Friday night lights hearing touchdown Sherrraaannndddooooo, enjoying those free topping scores on Monday nights, to simply just feeding your family. We will always be the same pizza shop from Main St. in Stephen’s City that’s now currently located right next to our valued Sherando High School. Thank you for 30 amazing years & here’s to many more to come. Always remember, Nobody Doughs It Better!

The Amari Family

### Nonno’s Pizza

An Italian old-fashioned pizza our father loves also known as “the nonno pizza” or “Pizza Napoletana”, typically has the following characteristics:

**CRUST** - thin crust, hand-kneaded and cooked in a traditional oven - crispy on the outside and soft on the inside - slightly charred with a smoky flavor

**SAUCE** - made from San Marzano tomatoes (which are sweeter and less acidic)

**TOPPINGS** - fresh mozzarella, fresh garlic, parmesan cheese, and fresh basil leaves after the pizza is removed from the oven.

The result is a delicious, simple, and flavorful pizza that showcases the quality of its ingredients. Buon appetito!
